

FUSE AND FUSE HOLDER

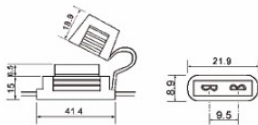

Standard Blade Fuse Holders

- Material
- Nylon and Zinc Alloy
- Application
- Used for Standard Blade Fuse

Item No.	Product Description	Colour
FU8-A	Standard Blade Fuse Holder	White

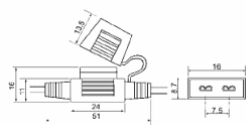

Splash-Proof Standard Blade Fuse Holders

- Material
- NBR (Nitrile butadiene rubber) and Copper
- Application
- Used for Standard Blade Fuse

Item No.	AMP Rating	Wire Gauge (AWG)	Wire Colour
FU11	30 Amp	12 Awg	Red
FU29	20 Amp	14 Awg	Black

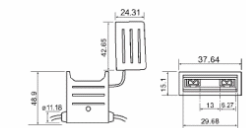

Splash-Proof Mini Fuse Holders

- Material
- Copper
- Application
- Used for MINI Blade Fuses

Item No.	AMP Rating	Wire Gauge (AWG)	Wire Colour
FU12	30 Amp	12 Awg	Red

Splash-Proof MAXI Fuse Holders

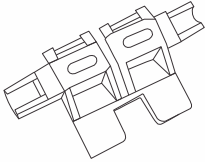

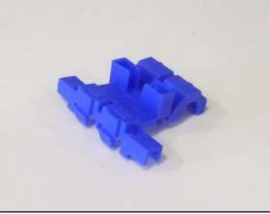

- Material
- Copper
- Application
- Used for MAXI Blade Fuses

Item No.	AMP Rating	Wire Gauge (AWG)	Wire Colour
FU13	80 Amp	8 Awg	Red

FUSE AND FUSE HOLDER

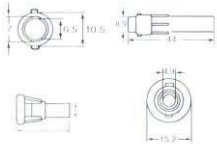

Self-Stripping Blade Fuse Holders

- Material**
- ABS (Acrylonitrile butadiene styrene) plastic with Copper.
- Specification**
- For automotive type fuses is fitted directly on copper-core flexible wires from 1 to 2.5 mm², without stripping. Self tapping design requires no wire stripping.

Item No.	AMP Rating	Wire Gauge (AWG)	Colour
FU9	20 Amp Max.	10 - 18 Awg	Blue

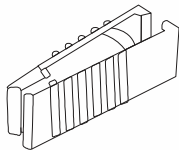

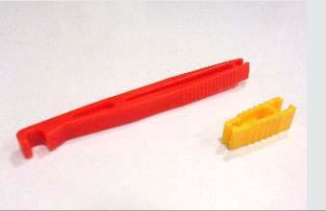

Auto Glass Fuse Holders

- Material**
- Copper
- Application**
- Used for Radio and Auto Glass Fuses

Item No.	Product Description	Colour
FU10	Auto Glass Fuse Holders	White

Blade Fuse Puller

- Material**
- Nylon
- Application**
- Used for removal of Blade Fuses

Item No.	Product Description	Colour
FUP1	Blade Fuse Puller	Yellow
FUP2	Blade Fuse Puller	Red
